Select the packet number 48. Open it.

Copy the text starting from "VGhpc" till "=" sign. It is base64. When we decrypt the base64 string we get the password to open the file. The base64 message is picoCTF{R34DING_LOKd_
Enter the passphrase to obtain the whole flag. The flag at the end you should get is picoCTF{R34DING_LOKd_fil56_succ3ss_419835ef}
